

Magni China's Grand Opening Ribbon Cutting Ceremony 8/22/08

The Magni Group, Inc. (Birmingham, MI USA) recently celebrated the Grand Opening of two new facilities in Asia. Magni is a global supplier of engineered, corrosion-resistant coatings for automotive and non-automotive metal products. Magni China's facility, located in Suzhou, Jiangsu Province (near Shanghai), is a manufacturing and distribution center for Magni coatings and headquarters for sales and technical services. The Magni Korea Technical Center, located in Ansan Si, is the headquarters for sales and technical services. The addition of these two new locations brings Magni's total number of world facilities to fifteen.

Magni China's executives and Government officials: Official, Aaron Lin, Tim Berry, Official, and David Ho 8/22/08

Magni China and Magni Korea's executives welcomed customers and business partners to the ribbon-cutting ceremonies on August 22, and August 25, 2008 respectively. Over 60 automotive suppliers, OEMs and local government officials attended Magni China's open house, tour and luncheon. The Magni Korea team welcomed over a dozen major Korean automotive suppliers and OEMs for technical discussions, tours and lunch.

Cyclic Corrosion Test Cabinets (GM Dat & Hyundai) and Salt Spray Test Boxes 8/25/08

The two new China and Korea laboratories were co-designed by Magni's engineers from USA, China & Korea. Both labs operate to the high standards and capabilities of all Magni global labs. The labs feature high-tech testing and analysis tools such as Magnetic and X-ray Thickness Measurement, Torque Tension/Friction Testing for Coated Fasteners, Section/Mount/Polishing Part Preparation and High-Resolution Microscope for Film Analysis, Salt Spray Test Boxes, Humidity Tester, Cyclic Corrosion Test Cabinets, Sand Blasting, Dip/Spin, Curing Oven, etc.

David Ho, Chairman Gamma Chemical, with The Magni Group's Tim Berry, President, and Matt Herbster, Account Manager China/SE Asia in front of Magni China's new signage in the front lobby 8/22/08.

"Magni is the first global supplier to manufacture corrosion-resistant coatings in and for the Chinese market." said Tim Berry, President of The Magni Group, Inc. Magni China will further support the growth of its sister companies, Alpha Technology Co., Ltd., (Suzhou) and Olier Technology Co., Ltd. (Guangzhou), the only job-shop metal finishers in China dedicated to applying authentic Magni coatings. For more info, please contact Matt Herbster, Magni's US-based Account Manager for SE Asia or Jason Ho, our Suzhou-based President of Magni China.
